

A63 Investment

We're investing £135m across Yorkshire and the North East to maintain your roads this year; these essential repairs and improvements will result in safer and smoother journeys.

Work on the A63 starts autumn 2022; this work will result in some delays, but we'll do all we can to minimise disruption.

We'll write to customers with more information before each phase of the work starts. You can also sign up for email alerts via our website or keep up to date following our social media channels.
